Canada Pork International is the export market development agency of the Canadian pork industry. It is a joint initiative of the Canadian Pork Council, the national federation of hog producers, and of the Canadian Meat Council, which represents the Canadian federally registered meat establishments and trading houses. Our members account for more than 95% of the Canadian pork exports.

Canada is the third largest pork exporter in the world and accounts for nearly 20% of the world pork trade. In 2014, Canada exported nearly 1.2 million tonnes of pork to over 100 different countries. Statistics Canada reported that Canadian pork exports to Georgia amounted in 2014 to 3,371 tonnes, worth CAD 6.5 million, while in 2013, Canadian pork exports to Georgia amounted to 6,539 tonnes, worth \$12.7 million.

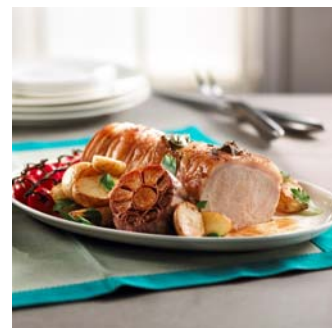

Delegates from Canada Pork International members will meet with local buyers and a cocktail reception will follow directly after the presentation and the one-on-one meetings.
